

Commemorating your pet

A pet lover's support guide

We're here to
support you in any
way we can.

Because we've
been through it too.

We understand how difficult it is to say goodbye to a beloved family member, and the importance of honouring their memory. Our team is made up of animal lovers who share our strong values and ethics to uphold our reputation at all times.

We're here to help you through your grief and provide you with the very best support and personalised service, whenever and wherever you may need us.

Your fellow pet lover xo

Assuring the identity of your pet.

We work with a highly respected crematoria that uses a 7-point tracking system for your pet's private cremation to ensure that your pet's ashes are those of your pet alone.

Please reach out to our team for updates on your pet's journey.

1

Your pet is assigned a unique ID number at the time of booking and an ID tag is created that contains your pet's details (name, breed and location) as well as a uniquely trackable QR code. This will provide regular updates to our team.

3

Your pet's identification and booking will be reviewed prior to cremation and any specific last wishes (such as taking fur clippings or paw prints) will be attended to. These keepsakes are checked so that they meet our high-quality standards at this stage.

5

Your pet's identification and booking details are checked and followed to place their ashes into your chosen urn or memorial items as requested.

7

When returning your pet's ashes, one final check is carried out, matching your pet's identification details to ensure they correspond with our clinic details to reunite them with you.

2

Once your pet is in the care of the crematorium, they confirm their identification and booking details against the Pet Tracker and make sure that your pet is ready to proceed to the keepsake or cremation team.

4

Your pet's identification is placed on their private cremation chamber and their details are confirmed before and after the cremation process.

6

A final quality inspection is conducted to confirm your pet's booking details and any special requests have been completed perfectly.

A Dignified Final Journey

We recognise that losing a pet is an emotionally difficult time and we want you to know that we are here to support you every step of the way.

We have made it our highest priority to always treat your precious pet with the utmost dignity and honour they deserve. Our dedicated team members are carefully selected from the local community based not only on their professional expertise but also their genuine love and passion for animals. They understand the bond between a pet and their owner, and they are committed to providing the highest level of care possible during this tender moment.

We are honoured to be entrusted with the care of your cherished companion and to help you through the journey of saying goodbye with love, compassion and understanding.

Your Complimentary Scented Candle

We provide a high-quality scented memorial candle to honour the life of your beloved friend. A small thank you for entrusting your pet into our care.

Complimentary candle not included in Tribute Package.

Premium Private Cremation Options

Premium services are subject to availability and location Monday to Friday and allow you to be reunited with your beloved pet sooner. Additional charges apply.

Personalised vessels may be available or provided later, as our priority is returning your pet to you as soon as possible. Please note that return times may be longer for pets outside the metro area.

Platinum Service

The Platinum service takes care of everything with a dedicated priority private cremation that allows your pet's ashes to be returned to your home within one business day.

Gold Service

The Gold service offers a priority private cremation that allows your pet's ashes to be collected or returned home within three business days.

Our Beautiful Cremation Certificates

For your peace of mind, we provide a cremation certificate for all private cremations confirming your pet's unique identification details.

Final Goodbye Viewing Service

Being able to say a touching final goodbye to your pet can be a hugely important part of the grieving process. Please speak to our friendly clinic member about providing your family, including other pets, a private and understanding space at the crematorium to farewell your pet. To help honour their memory, you are encouraged to bring in any family photos, letters or treasured items that played a part in your pet's life.

At the end of the viewing, a friendly and caring team will then collect your pet from the Comfort Room in preparation for the next stage of their journey. Arrangements will be made to return your pet's ashes to you at a later date. Please consider a Platinum or Gold Service for the fastest turnaround to be reunited. Additional charges apply and service is subject to availability and location.

Short Viewing (30 minutes)

Long Viewing (60 minutes)

Cremation Viewing (45 minutes)

The Final Goodbye Premium Candle

For those who choose to hold a final goodbye viewing service, we will provide a beautiful premium scented candle designed for you to take home and light in remembrance of your pet.

Complimentary Vessels

We offer a choice of four standard vessels to hold your pet's ashes, which is included in the price of your pet's private cremation. The Biodegradable Box may be used if you would like to bury your pet's ashes in the garden.

Additional standard vessels are available for \$15 each. Colours and designs may vary.

A plaque to mark their peaceful place of rest.

Garden Plaque Classic Small G1

This small sandstone garden plaque creates a lasting memento to your beloved pet offering a loving reminder of the life you shared. Please refer to page 41 for engraving options (up to three lines of engraving available). 15x15x2cm.

Includes personal paw print

\$95 RRP
